

# Workshop Road Map

- A. Living Water Smart:  
Doing Business Differently in BC
- B. Embracing Rainwater:  
Water Balance Benefits
- C. Innovation, Integration & The Living  
Building: Implementer Perspectives
- D. Rainwater Harvesting –  
Greatest Challenges

# What You Have Learned Today

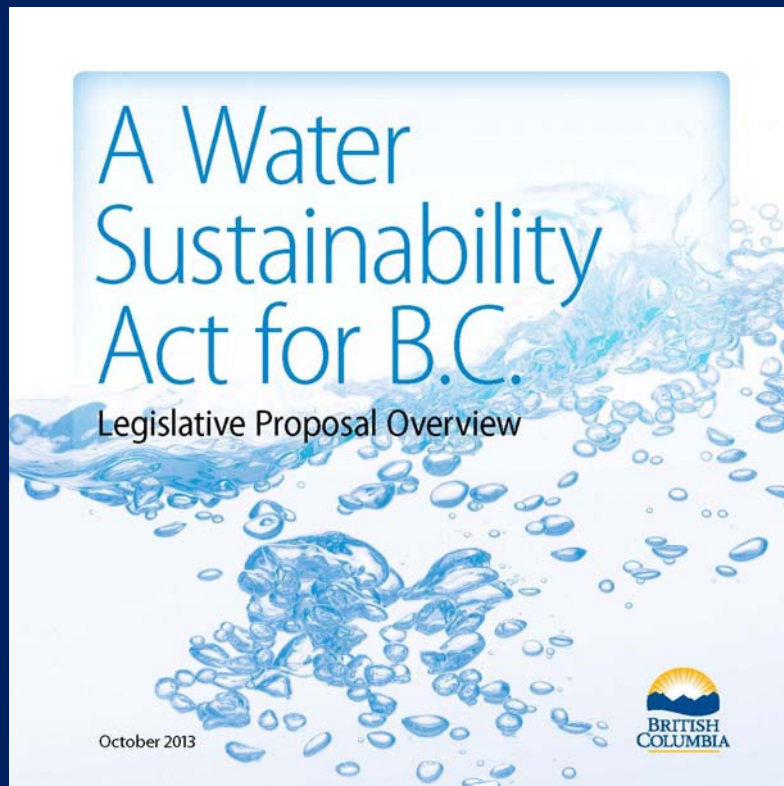

*Share your “Ah-Ha Moments” about...*

1. **WHY** regulatory change in BC enables innovation and leadership
2. **WHAT** role rainwater can play in a demand management program that works
3. **HOW** rainwater projects can build community-scale resiliency
4. **HOW** the Living Building Challenge meets the 100% Re-Use Target

# So, Why Harvest Rainwater?

---

In closing, keep in mind this provincial context...

**Living Water Smart Target:**  
“50% of new municipal water needs will be acquired through conservation by 2020
